THE PROJECT

CirCLER aims to define the new professional profile for the Circular Economy Transition Manager (CETM) for the wood and furniture industry.

CirCLER will provide new joints curricula for CETM at EQF levels 4, 5, and 6 to fill in the existing gaps in green, digital, and transversal skills required by the current labour market.

CirCLER aims to address, facilitate and guide the transition of the furniture industry towards a circular and sustainable economic paradigm, in alignment with the priorities of the European Commission.
